The invasion of foreign markets by the manufacturers of the country has been increasing. The figures of the Treasury Bureau of Statistics show that the July exports of manufactures were greater than in any July in the history of the country and formed a larger percentage of the total exports than in any preceding year or month in its history. The exports of manufactures for the month were \$25,963,116, and formed 84.47 per cent. of the total exports. No July has ever shown such a record of exports of manufactured goods as this, and the percentages turned out so large a percentage of the total exports. And yet the belligerent Free traders, Free silverites and Free-soppers froth at the mouth in their efforts to make voters believe that under a Protective Tariff American farmers and American manufacturers could not sell their products in "the markets of the world."

A CRITICAL TIME.

During the Battle of Santiago— Sick or Well, a Rash Night and Day.

The Packers at the Battle of Santiago de Cuba Were All Heroes— Their Heroic Efforts in Getting Supplies and Relief to the Front Saved the Day.

P. E. Butler, of pack-train No. 5, writing from Santiago de Cuba, on Sept. 23, says: "We had difficulties in getting or losing violent attacks on us, but we had to go through a doctor, for it was a case of rash and right night and may keep the troops supplied with ammunition and rations, but thanks to the heroism of the men, we have had no trouble in getting supplies to the front.

My men and I had the good fortune to stay in a hospital when we left Tampa, and for our pack-train we left Tampa, and I know in four cases it absolutely saved life."

DR. PHINEAS S. CONNER of Cincinnati has been selected as the Medical Member of the War Investigation Commission. With the knowledge that Cincinnati's great surgeon will be on the Commission, it can be set down in confidence that there will be one man when the verdict is made up who will be unbendingly against any semblance of whitewash.

A macaronic practical joker ("Quaker") Populist meeting in Philadelphia the other day. While the speakers were roasting the Republican party he dashed out of a barn an old Populist banner, marched with it to the Populist's meeting, and, when there came a momentary cessation in the flow of words, held up the banner so that all might read the following inscription upon it:

A VOTE FOR MCKINLEY

50 Cents a Bushel for Wheat

And

10 Cents a Bushel for Corn.

Then he explained that this was one of the banners that had been carried in the campaign parades of 1896.

President McKinley will give his approval to the project of the Lafayette Memorial Association to start October 19, the anniversary of the battle of Yorktown, to be observed in the Public Schools of the United States as a Lafayette Day.

WHY IT'S THUS.

The Great Obstacle to Railway Building in the Celestial Empire.

The greatest obstacle in constructing a railroad in China, says The Chicago Times-Herald, lies in the numberless funerals which the country is witness to.

A successful man in any religion and country is resented in China. There is no sacrifice a Chinaman will not make, however economical he may be, to assure the repose of his ancestors. Men are consigned to aセルフ-service, and the wife of a man who has died is often made to choose between the services of two men, and either she or her husband must die.

To lay a railroad without disturbing any of them would require a miracle, and to destroy them would be to revolt a revolution, while it is far from certain that any industry would dare to risk such a venture.

They are so devout without disturbing any of them would require a miracle, and to destroy them would be to revolt a revolution, while it is far from certain that any industry would dare to risk such a venture.

Truth wears well. People have learned that Dewitt's Little Early Riser is reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe.

Henry W. Ray, M.D., in "Pompey."

Ayer's Asthma Cure

better known as Ayer's Cherry Pectoral, has made a record for its remarkable cures of asthma. Cases that have been considered beyond hope or help have been cured by this remedy. We give two examples of such cures out of the many on record.

"My mother has been a great sufferer from asthma for the past ten years, and her recovery is almost without a parallel. An account of her advanced age—over seventy—had been little known outside our family, but we are sincerely grateful to inform you that she has been entirely cured by the use of Ayer's Cherry Pectoral."

INGLES, MANHATTAN, N.Y.

"I have suffered for a long time from asthma, vainly endeavoring to procure relief in the use of ordinary remedies. At length I was induced to try a bottle of Ayer's Cherry Pectoral, and the result was so gratifying that I continued the use of the remedy until entirely cured."

HOSPITAL REFORM.

Every One in Authority is Disciplining His Subordinates—Nurses Sent to the Guardhouse.

LEXINGTON, Ky., Sept. 27.—At the division hospital nearly everybody is being disciplined. General Hospital, having been talked to by the secretary of war, is now doing the same thing to the men under him. Sunday night he arrived at the division hospital at 7 o'clock, the hour at which watches are changed. He found that day doctors had gone off before night doctors came, leaving the wards without a sufficiency of medical help. As he could not find the doctors, he began his work with the ward men, clerks and patients. He happened to meet when he left Dr. Clegg, who met the rounds of the wards. He found half a dozen male nurses asleep, and they were promptly placed in the guardhouse.

Rabid Dogs in Mercer County.

HARRISONBURG, Ky., Sept. 27.—The mad-dog scare in Rose Hill predictably continues. William Taylor's six-year-old child and a number of cattle, etc., were bitten about ten days since. Another dog, belonging to Christopher Peeler, was maimed and bit Mrs. Peeler. Mrs. Peeler's son, a boy of 12, was bitten at Junction City, where a man-slaughter was applied. A valuable horse belonging to Dallas McIntyre that was bitten nine days before went mad and had to be killed. The dogs in that precinct have all been exterminated.

Woman Waylaid and Shot.

SURRY, Ky., Sept. 27.—Peter Morris was brutally murdered by John Clark, near Chatman Grove Colored Baptist church, nine miles north of this place. The woman was waylaid on the road and shot in the mouth, death resulting instantly. The murderer was jealous of her attentions to others. The coroner's jury returned a verdict of wilful and pre-meditated murder. Clark is at large and officers are scouring the country for him.

No Coexistence Between Bradley and Gaither.

FRANKFORT, Ky., Sept. 27.—Gov. Bradley denies that there is any friction between him and Col. Gaither, of the 2d regiment. He says the talk of a coexistence is absolutely unfounded. He further says: "I am reorganizing the state guard and of course, I can not wait till the legislature meets in the winter to do what I must do, but I must cut in order to reinstate them in their old places in the state guard service."

The Driver Drowned.

PINEVILLE, Ky., Sept. 27.—William S. Griggs, a prominent Baptist preacher, was drowned in Gray creek six miles from here Monday afternoon. He had been driving his team of horses when mired in quicksand, throwing Griggs into the stream and drowning him instantly.
